PROJECTS

Creative Agency

2020

Live link:

creative-agency-test.web.app

A MERN Stack web application with Auth

Creative Agency is an interesting react web application with routing. Bootstrap made this responsive and organized. Admin panel with custom authentication present in it. In the back-end, I used powerful Mongo DB with Express JS where Node JS used for runtime.

Travel Guru

2020

Live link:

travel-guru-agency.web.app

One page travel agency website

Travel Guru web application is mainly react js based. Where material UI made this application device friendly. Axios and Google map present in it. Firebase Auth made this application secure. It has an admin panel too.

Ema-John

2020

Live link:

ema-john-e.web.app

An eCommerce web application

Ema-John is really a powerful web application. One page with react routing make this user friendly. This application is able to manage an eCommerce system from top to bottom. Bootstrap, payment module, google map made it better. Firebase used for deployment.
